Letter from the Directors

Welcome to Scottsdale School of Ballet. We will continue to provide the quality training for which our school has become noted. We are also proud of our student's accomplishments and are delighted with the positive response we receive about our school. We recommend that you register at the beginning of the year so you will receive the full benefit of our year long program. Also, early enrollment ensures participation in the Winter and Spring Performances.

Our school features a quality Ballet program taught by an international faculty and although ballet is the primary focus of the school, we have a lot more to offer the dance student. The ballet base includes Pointe, Variations, Partnering, and new this year, a boys ballet class. We compliment this program with Flamenco, Russian Character Dance, Modern and Pilates, for a truly accomplished dancer. We also offer an Adult ballet program, for those of you who want to keep the grace and benefits that ballet provides.

Our goal is to instill in all of our students the joy that we experienced as professional dancers. Classes are offered for students ages 4 through adult and are tailored for a pre-professional student but will also benefit a student who wants to dance on a recreational basis. We also have Master Ballet Classes throughout the year with International guest artists, so check back often to see the latest updates.

As ballet requires continuous training, we strongly suggest that all students attend our Summer Intensive which has a variety of classes not offered during the regular year. The 2011 Summer Intensive is June 6th through June 24th, as always with guest teachers. In addition we offer to students in the Pre-Professional level, private classes, coaching and preparation for those who want to compete in ballet competitions.

Thank you for your interest in our school and we are looking forward to seeing you at Scottsdale School of Ballet.

Sincerely,

Sibylle Acatos-Dadey and Donald Dadey
